A local council proposed turning an unused square into a garden. Supporters said trees would provide shade and reduce heat. Some shopkeepers worried that removing parking spaces might affect trade. The final plan kept a short loading area beside a larger green space.

1. Summarise the proposal in one sentence.

2. Give one benefit and one concern.

3. How did the final plan compromise?

4. Is the passage balanced? Use evidence.

Grown-up answer check answers vary; shade/heat and parking/trade; kept loading area and garden; yes, both views
